Syntax-discourse interface: a corpus-based study of left dislocated constructions in Spanish

Ángela Matute Sánchez, University of Arizona

Interpretation skills of SHL and L2 learners of T&I in Southern Arizona: a methodological approach

Marina Cárcamo García, University of Arizona

Ángela Matute Sánchez

Hispanic Linguistics, University of Arizona

Ángela Matute Sánchez is a Ph.D. candidate in Hispanic Linguistics at the University of Arizona with a minor in Second Language Acquisition and Teaching. She is interested in syntactic word order and information structure in Spanish. In her dissertation, she explores the interaction of syntax with prosody and discourse. Her other research interests include biolinguistics, language acquisition, and language program direction.

Marina Cárcamo García

Hispanic Linguistics, University of Arizona

Marina Cárcamo-García is a 3rd-year Ph.D. student in Hispanic Linguistics at the University of Arizona. She is particularly interested in sociolinguistics, translation and interpretation studies, bi- and multilingualism and L2/Heritage language acquisition.
