Working with learner corpus data - an introduction to MACAWS (Multilingual Academic Corpus of Assignments - Writing and Speech)

Mariana Centanin Bertho, University of Arizona

Modeling morphological epenthesis

Andrija Petrovic, Stony Brook University

Mariana Centanin Bertho

Second Language Acquisition and Teaching, University of Arizona

Mariana is a second-year SLAT PhD student and part of the MACAWS research group. Her research interests are corpus linguistics and its interface with phonetics and learners' oral production. She teaches Portuguese and is interested in the production of English/Spanish speakers of Portuguese as an L2/L3.

Andrija Petrovic

Linguistics, Stony Brook University

Andrija is a fourth-year PhD student in the Linguistics department at Stony Brook University. His research interests mainly focus on morphology, its independence and its interfaces with syntax and phonology.
